Horticulture Rules

1. All horticulture exhibits eligible for ADS rosettes and medals must be entered on scape.
2. Registered cultivars are to be entered on scapes whose overall height does not exceed 36.”
3. All seedlings (including pre-registered cultivars) shall be severed as near the base as possible regardless of height. If the height of the seedling makes transport difficult, if not impossible, the exhibitor may trim the excess scape height preserving the cut portion of the scape. The cut portion of the scape must then be placed alongside the base of the container holding the entry.
4. A seedling having won an ADS rosette in any other show is not eligible.
5. Entry tags for seedlings must be marked with the word **SEEDLING** in the space for cultivar name. Names, numbers or any other identifying marks are not permitted on the visible portion of the folded tag.
6. *Eligibility* for exhibitors in the Youth sections shall continue through the end of the calendar year following the youth’s eighteenth birthday. Youth exhibitors are limited to the Youth, Seedling, Popularity Poll and Achievement Medal Sections.
7. Cultivars listed on the official spider list must be exhibited in Section 6 unless they are: (1) part of a local collection, (2) a Youth Section exhibit, (3) registered as a multiform cultivar. (See *Multiform Classification Code on page 6 of this schedule.*)
8. Cultivars whose names are **not** listed in the ADS checklists or supplements may **not** be exhibited in any Division, Section, Class or Group where registered cultivars are specified. They must be entered in the seedling section (Section 9). They may also be entered in the Ophelia Taylor Horticultural Award (Section 11) in Class 2 (Note: Section 11 is not applicable for this show.) They may also be entered in the Achievement Medal Award (Section 10), however, this option is only available to the hybridizer of the entry. The entry tag must be

marked with the word SEEDLING in the space for cultivar name. Names, numbers or any other identifying marks are not permitted on the visible portion of the folded tag.

9. Unusual Form cultivars, registered as such, must be entered in Section 7 and **only** those listed on the official Unusual Form cultivar list may be entered in Section 7 unless they are: (1) part of a local collection, (2) a Youth Section exhibit or (3) registered as a multiform cultivar (See *Multiform Classification Code –Page 6*)
10. Double form cultivars and polymerous form cultivars, registered as such must be entered in Section 5 and only those listed on the official Double Form cultivars list, or Polymerous Form Cultivars list, respectively, may be entered in Section 5, unless they are: (1) part of a local collection; or (2) a Youth section exhibit.
11. Only one entry per named class is allowed per household.

It is recommended that the Classification Committee use the ADS Online Registration Database to classify <u>each</u> registered cultivar by typing the cultivar name into the “Advanced Search” screen of the database. The appropriate Horticulture Division I and II show sections will be shown	

Judging Standards for Accredited Shows

1. All judging of an accredited show will employ ADS standards.
2. All horticulture sections must be judged by ADS Exhibition Judges.
3. Each panel of judges shall be the final authority for each section and group in which it judges.
4. Only the Classification Chair has the authority to disqualify any entry that is damaged or does not conform to the schedule.

5. The appropriate ADS Scale of Points will be used for (1) Registered cultivars on-scape, (2) Seedlings on-scape and (3) Individual flowers of registered cultivars off-scape.
6. The ADS standard system of Awards will be used.
7. All scapes receiving the ADS rosettes or purple ribbons must score 95 or above by the ADS scale of points.
8. Registered cultivars will be classified as registered, by size, and by form; they will be grouped alphabetically within each section. No distinction is to be made between the classifications of diploids and tetraploids.
9. Each registered cultivar shall constitute a name class. A single entry may be given an award if the judges consider it a superior exhibit. An exhibitor may have only one entry per name class.
10. Each seedling or pre-registered cultivar (a pre-registered cultivar is considered a seedling) shall constitute a class to be judged on individual merit. Each entry may be given an award if considered a superior exhibit.
11. If Division I, ADS Rosette eligible Sections 1-9, are subdivided or judged by more than one panel of judges, the purple awards must be point scored to determine a single winner, since there is only one ADS rosette for each of these Sections.
